

IMPORTANT Information Regarding Online Classes: PARENT GUIDE

Students attending second semester will get invited to new courses starting Jan 24th! Invitations and information will come to their school email addresses.

Two hosts for online classes:

- 1. Canvas (math, science, social studies and math) taught by LSVA teachers (local district teachers)**
 - a. Parent Login to get access to your student's course information here. Either desktop or the Parent App.**
 - i. <https://pc.instructure.com/login/canvas>
 - ii. You will need a pairing code from your student's account. If you have trouble, I can get one for you.
 - b. Parent Links and Videos to help you navigate:**
 - i. [More information on the app](#)
 - ii. [Guides for \(Android/iOS\) and more](#)
 - iii. YouTube Channel

 - 2. Accelerate Learning (electives)**
 - a. When your student is enrolled, you will get an email to the address you provided to the school.**
 - b. They send a weekly progress report as well.**
- It is important that your student is logging in and working each day like he/she/they has a normal schedule. Online learning isn't less of a time commitment –it is just more flexible. Reach out to the teachers for each course if you have any questions. If you have trouble contacting them, please email me at hcaudill@goisd.org.
 - Students need to be mindful of teachers who assign due dates (mostly in Canvas) the electives (Accelerate Learning) is more self-paced. Students will have to plan accordingly.
 - Students also have to contact and/or reply to each teacher once a week about coursework to be counted present. Please make sure they are answering emails from teachers! This is the main line of communication.
